

We have families too!

**Support your early childhood educators
at the Hawkesbury, Embrun, Rockland and
satellite locations of Maisons de la famille**

**We are proud of the work that we do in our community,
providing services for families.**

We want to go back to work.

**Yves Séguin, director of Groupe Action pour l'enfant, la famille
et la communauté de Prescott-Russell, wants to be able to move
workers from one town to another on April 1st of each year,
with no compensation.**

**Moving workers around will erode continuity in the services
provided to this community. This demand will also make it difficult
to raise our own families in our own communities.**

**The employer also wants to reduce sick leave benefits and
eliminate our short-term disability plan.**

We need your support.

Tell Yves Séguin:

Workers deserve a fair contract.

Groupe Action must return to the bargaining table without preconditions
