

TELL THE PREMIER: YOU CAN'T CUT YOUR WAY TO PROSPERITY!

PREMIER DALTON MCGUINTY WILL BE SPEAKING TO THE ECONOMIC CLUB OF CANADA. LET'S GIVE HIM A NEW SCRIPT.

RALLY

Tuesday, November 15, 11 a.m. – 12:30 p.m.
The Marriott Eaton Centre, 525 Bay Street
1 block south of Dundas Street, on the east side of Bay

Two days before 233 OPSEU members get layoff notices, Premier McGuinty will talk to senior business executives about his vision for Ontario. McGuinty's plan is for deep spending cuts in order to pay off the deficit.

His plan is wrong. McGuinty needs to open his eyes to the realities faced by working people in this province.

Ontario needs jobs.

The Premier is cutting jobs. More than 400 OPSEU members who work for the provincial government have already lost their jobs this year, and hundreds more layoffs are coming.

Ontario businesses need people to spend in order to get the economy going.

The Premier is slashing people's jobs and their spending power. People can't buy goods and services when they don't have money in their pocket.

NOBEL-PRIZE WINNING ECONOMIST JOSEPH STIGLITZ RECENTLY TOLD A BUSINESS AUDIENCE IN TORONTO:
"AUSTERITY IS A SUICIDE PATH." CREATING JOBS WILL PAY OFF THE DEFICIT. CUTTING JOBS WON'T.
