This booklet has been developed for you and your family by individuals currently on the Academic Joint Insurance Committee (JIC) who represent the Ontario Public Service Employees Union (OPSEU), the Colleges of Applied Arts and Technology (CAAT), the College Employer Council (Council), and representatives from the Insurance Company, Sun Life.

**The information contained in this booklet will not in any way diminish current benefit levels in effect as of the date of printing.**

**The information in this booklet is important to you and should be kept in a safe place. It describes all your group insurance benefits available to you (both mandatory and voluntary), explains your entitlements and various administrative issues relating to the Group Insurance Benefit Program. For confirmation of the specific benefit coverage you have elected, please refer to your copy of your Group Insurance Benefits Positive Enrolment Form or contact your College's Benefits Plan Administrator.**

**It is important to note that this booklet is only a summary of your group contract. It is not a legal document. If there are any discrepancies between the group contract and the information in this booklet, the group contract will take priority and the Insurance Company will follow the group contract when making a decision to pay a claim.**

Benefits described in the booklet are applicable only if you and your Dependent(s) are insured according to the records maintained for the group contract. If you have any questions about the information in this employee benefits booklet, or if you need additional information about your group benefits, please contact your College's Benefits Plan Administrator or Union Local Representative.

You will be required to complete and sign a detailed enrolment form which collects the information necessary about yourself and your Dependent(s) (if applicable), in order for the College to administer the Group Insurance Benefit Program, and for Sun Life to adjudicate and process claims. It is important that you read this form, fully answer the questions, sign and date the form where required and return it to your Benefits Administrator no later than 31 days after you become eligible for the coverage without jeopardizing your entitlement to coverage.

This enrolment form also contains information relating to the completion date of your waiting period and the effective date of your mandatory and optional benefits.

You will be enrolled in the mandatory and optional benefits following completion of the appropriate waiting periods.

**Your Certificate Number**

Your College will assign you a certificate number that will be used to set up your benefit information and which you can use to generate an identification card on line in the event you need to produce proof that you have benefit coverage. This certificate number will be a unique number and will contain a code to identify your employee group, your College and your file. This is necessary in order for Sun Life to process your claims and for you to access your claims information.

**Confidentiality**

Your privacy is respected and the personal information collected is held between your College and Sun Life in the strictest confidence. At Sun Life Financial, access to your personal information is restricted to the persons outlined in the *Respecting Your Privacy* clause at the end of this booklet.

**General description  
of the coverage**

The Extended Health Care Plan pays for eligible services or supplies that are medically necessary for the treatment of an illness and supplements your provincial hospital and medical insurance plans (e.g. OHIP). *Medically necessary* means generally recognized by the Canadian medical profession as effective, appropriate and required in the treatment of an illness in accordance with Canadian medical standards. Any amount payable under the Extended Health Care Plan is subject to the coinsurance and the list of eligible expenses. The Ontario Health Insurance Act prohibits duplication of coverage of the provincial medical and hospital plans. To qualify for this coverage you must be a Canadian resident and entitled to coverage under OHIP or another Medicare plan equivalent to OHIP from another Canadian province or territory or Canadian federal government plan.

In some instances, where permitted by law, expenses covered under this Extended Health Care plan are integrated with certain provincial medicare programs such as the Ontario Assistive Devices Program (ADP) and the Ontario Drug Benefit Plan (ODB). Please refer to the end of this section for a brief description of these programs.

Amount*

The Plan will cover 85% of the emergency health services costs as described below while you are temporarily outside Canada:

- the difference between the amount billed for room and board and other hospital services for confinement and the amount payable by any provincial medicare plan. If private-room accommodation is occupied, any room and board charges above the hospital's average semi-private room rate are excluded.
- other hospital services provided outside of Canada.
- hospital out-patient services provided outside Canada for treatment of an illness contracted outside Canada.
- the services of a doctor for treatment of an illness, in excess of the amount paid by the provincial/territorial medicare plan, up to a maximum of the service fee stated in the Medical Association Schedules of Fees in your province/territory of residence (see Section 12).

**Because this is not travel insurance, it is strongly recommended that you purchase travel insurance** (refer to Section 11 and 12).

**Prescription Drugs  
and Vaccines**

Please note that doctors occasionally prescribe drugs which may be readily available over the counter or vaccines that do not require a prescription by law. These drugs and/or vaccines are not covered by the Plan, except as otherwise indicated below under eligible expenses. Ask your pharmacist about the category of the drug you have been prescribed when you get your prescription filled.

For further information or to confirm coverage you may contact Sun Life's call centre at 1-800-361-6212 or 416-753-4300 or by e-mail at [askus@sunlife.ca](mailto:askus@sunlife.ca) (must have your contract and certificate number available).

- vaccines that legally require a prescription. However, the Plan also covers hepatitis B and influenza vaccines.
- intrauterine devices (IUDs) and diaphragms.

- varicose vein injections if medically necessary.

Payments for any single purchase are limited to the cost of a supply that can reasonably be used in a 34 day period or, in the case of maintenance drugs, up to 100 days as ordered by a doctor.

The Plan will not pay for the following, even when prescribed:

- infant formulas (milk and milk substitutes), minerals, proteins, vitamins and collagen treatments.

***Medical services Reimbursement Amount***

The Extended Health Care Plan will cover 85% of the costs for the medical services listed below when ordered by a doctor (the services of a licensed dentist do not require a doctor's order).

A pre-determination of eligibility is required for this benefit for you or your dependents. Obtain and submit the "In Home Nursing Care Questionnaire" form which is to be completed by the attending physician. Expenses for private duty nursing services, outside of a hospital, are eligible if the care is:

- carried out by a registered graduate nurse (R.N.), certified nursing assistant (C.N.A.), registered nursing assistant (R.N.A.), or licensed practical nurse (L.P.N.). Service provider must be licensed, certified or registered in the province where you live and who does not normally live with you.
- medically necessary and prescribed by the licensed attending

- physician, and
- the type of medical care can only be performed by a qualified R.N., C.N.A., R.N.A., or L.P.N..
- services must be for nursing care and not for custodial care.

***Ambulance***

OHIP covers the cost of licensed ambulance services, where medically necessary, for local transportation of the person to and from the nearest hospital qualified to provide the required care. You are responsible to pay a co-payment for these services. The Extended Health Care Plan will reimburse you for 85% of the co-payment amount.

In the event that an unexpected condition occurs (emergency situation) such as illness, disease or injury which requires immediate assistance, the expense for the use of a licensed air ambulance for transportation of the person to the nearest hospital qualified to render the emergency medical services is covered by OHIP in the Province of Ontario. The EHC Plan will pay a maximum of what would have been payable for a local land ambulance trip.

The services include braces and splints. These services must be received within 6 months after the accident. You will not be covered for more than the fee stated in the Dental Association Fee Guide for a general practitioner in the Province of Ontario. The fee guide must be the current guide at the time that treatment is received.

Note: It will be necessary for you to provide to Sun Life a separate detailed account of the cause of the injury along with the Extended Health Care claim form.

***Medical Supplies and Equipment***

The Plan covers medically necessary equipment rented that meets the person's basic medical needs. It is important to note that where the purchase of durable equipment is less expensive than rental, it will be given consideration by Sun Life.

When suitable alternate equipment is available, eligible expenses are limited to the cost of the least expensive equipment that meets the person's basic medical needs. For example, manual wheelchairs are normally considered sufficient to meet basic medical needs, except if the person's medical condition warrants the use of an electric wheelchair.

- casts, splints, trusses, braces and crutches.
- breast prostheses and surgical bras, required as a result of surgery, up to a maximum of \$600 per person in any Calendar Year.

Under the Plan orthopaedic shoes and orthotics are a combined maximum as noted above. i.e. you are eligible for either orthopaedic shoes or orthotics, not both, in each calendar year.

Prior to making your purchase it is recommended that you obtain confirmation that the claim will be eligible for payment. This can be done by forwarding the information given to you by the service provider directly to the claims department at Sun Life.

**Paramedical services**

The Plan will cover 85% of the costs, up to a combined maximum of \$1,500 per insured person in a Calendar Year for all eligible expenses listed below; this includes the difference between what OHIP allows for podiatrists and your actual charge.

Paramedical services must be deemed by the profession's licensing/regulatory board to be within the scope of that profession. A service deemed to not be within the scope of the profession will not be covered.

**Note:** The paramedical service provider must be licensed to practice in the province in which the services are rendered.

- any services or supplies over the reasonable and customary charges in the locality where they are provided.

- the Plan will also not pay benefits when compensation is available under the Workplace Safety and Insurance Act, Criminal Injuries Compensation Act or similar legislation.

**Coordination with government programs**

This plan will integrate with benefits payable or available under the government-sponsored plan or program (the *government program*).

The covered expense under this plan is that portion of the expense that is not payable or available under the government program, regardless of:

- whether you have made an application to the government program,
- whether coverage under this plan affects your eligibility or entitlement to any benefits under the government program, or
- any waiting lists.

**Vision Care**

To correct a vision impairment, the Plan will cover the cost of contact lenses, laser eye correction surgery or eyeglasses (lenses and frames) including tinting, sunglasses, safety glasses and their replacement, as long as they are prescribed in writing by an ophthalmologist or a licensed optometrist and obtained from an ophthalmologist, licensed optometrist or qualified optician.

Laser eye correction surgery if performed by an ophthalmologist may be co-ordinated with available coverage under paramedical services.

The Plan will cover 100% of these costs up to a maximum of \$400 in any Benefit Year for persons under 18 years of age, with the Benefit Year commencing September 1 and a two-year Benefit period for persons 18 years of age and older, with the benefit period commencing September 1, of even numbered years. The maximum is then \$3,000 every 3 consecutive years, thereafter.

In addition to the more usual hearing aid devices, coverage will also include expenses for aids to hearing if prescribed by a medical doctor. These will include:

- a device that produces extra-loud audible signals such as a bell, horn, or buzzer;
- a device to permit the volume adjustment of telephone equipment above normal levels;
- a bone-conduction telephone receiver; and
- the batteries that are required for that purpose, and repairs;

Coverage may be co-ordinated with the Assistive Devices Program administered by the Province.

**Coverage Under  
more than one Plan**

If you are covered for Vision or Hearing care under another plan, your benefits will be co-ordinated with the other plan following insurance industry standards. Please refer to the "Submission of Claims" section of this booklet for instructions.

**Your coordination  
with Government  
Plans**

**Details of current coverage under the government medicare plans can be found on the website of the Ontario Ministry of Health and Long Term Care at [www.health.gov.on.ca](http://www.health.gov.on.ca). The following provides a brief description of some of the services that are integrated with your Extended Health Care coverage.**

**Assistive Devices Program (ADP):** This program is operated by the Ontario Ministry of Health. It assists Ontario Residents covered by the Ontario Health Insurance Plan who have a long term physical disability (ask your doctor for details). The program covers a number of items such as hearing aids, orthotic devices, ostomy supplies, prosthetic devices (such as breast prostheses), etc. As coverage can change from time to time, please refer to the Ontario Ministry of health and Long Term Care website for details.

**Home Oxygen Program (HOP):** This program covers oxygen and oxygen delivery equipment such as concentrators, liquid systems, masks, tubing, etc. Contact the Operational Support branch of the Ontario Ministry of Health and Long Term Care for details.

**Ontario Drug Benefit Plan (ODB):** You and/or your spouse are eligible for the prescription drug benefit on the first day of the month following the attainment of age 65.

## Section 11- Out-of-Province Coverage Under Your Extended Health Care Plan

**About the coverage** Each Province or Territory has its own hospital and medical service plan and provincial health insurance act. These provincial programs have to meet minimum standards of service and administration set out by the federal government under the Canada Health Act.

*Studying, Working or Travelling to Another Province or Territory Within Canada* Most provinces, through reciprocal agreements, provide coverage to other non-resident Canadians at the rates prevailing in their home province for standard medical procedures and hospital care. In most instances, reimbursement for emergency services rendered out-of-province is billed directly to the home province. There may be a few instances where you are required to pay the bill and obtain reimbursement from your home provincial plan.

You are encouraged to check before travelling on reciprocal agreements. It is strongly recommended that you purchase supplementary or travel health insurance.

**Details of current coverage under the government medicare plans can be found on the website of the Ontario Ministry of Health and Long Term Care at [www.health.gov.on.ca](http://www.health.gov.on.ca).**

You will be reimbursed by the provincial plan for any eligible expenses or services up to the amount you would have received if the item or services were purchased or rendered in Ontario.

If a particular service is covered in part by OHIP, Sun Life is generally not permitted to cover the balance when the expenses are incurred in Canada.

### **Moving Out of Province**

If you move from one province to another province or territory, it is important that you register for the provincial medicare plan in your new province as soon as possible (90 days or less) so that you do not jeopardize your Group Insurance benefits coverage.

## Section 12 – Limited Out-Of-Canada Coverage Under Your Extended Health Care Plan

- About the coverage** Your Extended Health Care Plan covers only emergency health services on a limited basis while you are temporarily outside of Canada as long as you have maintained your benefit coverage.
- Emergency Health Services** Any reasonable medical services or supplies, including advice, treatment, medical procedures or surgery, required as a result of an emergency. When a person has a chronic condition, emergency services do not include treatment provided as part of an established management program that existed prior to the person leaving the province where the person lives.
- Emergency** An acute illness or accidental injury that requires immediate, medically necessary treatment prescribed by a doctor.
- Emergency Services Excluded from coverage**
- services that are not immediately required or which could reasonably be delayed until you return to your province of residence.
  - services relating to an illness or injury which caused the emergency, after such emergency ends. An emergency ends when you are medically stable to return to your province where you live.
  - continuing services arising directly or indirectly out of the original emergency or any recurrence of it, after the date that Sun Life, based on available medical evidence, determines that you can be returned to the province where you live, and you refuse to return.
  - services which are required for the same illness or injury for which you received emergency services, if you had unreasonably refused or neglected to receive the recommended medical services.
  - where the trip was taken to obtain medical services for an illness or injury, services related to that illness or injury, including any complications or any emergency arising directly or indirectly out of that illness or injury.

This Plan is not intended as travel insurance and provides only limited

medical coverage. It does not cover the cost of expenses which would generally be designed solely for travel purposes such as repatriation, return of your rented vehicle and other non-medical expenses.

**If you are leaving Canada for any reason, it is strongly advised that you obtain travel insurance.**

*Eligibility for coverage* The Plan is not intended to satisfy the needs of someone who is permanently residing outside-Canada (in fact, a Dependent who is not a resident of either Canada or the -U.S.A. is not eligible for coverage). Canadian residency status entitles you to provincial Medicare.

**Special Note:**

If you lose your Canadian residency status you will not be able to participate in the Group Insurance Benefits Program.

*How much is paid?* Regardless of the currency quoted on the bill, benefits are payable in Canadian dollars with the exchange rate at the time the claim is processed.

*U.C.R. Charge* All eligible expenses are reimbursed based on usual, customary, reasonable charge.

*Hospital:* The amount payable is 85% of the difference between:

- the amount billed, for room and board and other hospital services for confinement and the amount payable by any provincial medicare plan excluding, if private-room accommodation is occupied, any room and board charges above the hospital's average semi-private room rate. (Charge for non-essentials such as television rentals and gourmet meals are not eligible expenses) the amount payable by OHIP or any other provincial/territorial medicare plan.

The cost of airfare home from out-of-Country/out-of-Province is not defined as an eligible expense under the Extended Health Care plan.

***Other expenses:***

Other than those noted above, none of the eligible expenses are subject to geographical restrictions. Consequently, if an item would have been covered if purchased or rendered at home, it is covered (at 85%) if incurred out of the country. All such expenses are subject to

all plan rules, maximums and U.C.R. limits.

This can be done by your Dentist directly via electronic submission or if necessary:

- you can obtain a claim from your Human Resources Department.
- ask your Dentist to complete the appropriate sections of the form.
- you complete your sections of the form, sign it and forward it to Sun Life.

Sun Life will advise you how much of the planned treatment is covered by the Plan taking into account any possible alternate procedure or course of treatment based on accepted dental practice, and how much of the cost you will be responsible for before the work is done.

**Laboratory Fees**

- Certain procedures will usually involve the cost of a commercial laboratory and when appropriate, a reasonable and customary laboratory fee will be reimbursed subject to the same overall maximums. Please note that while the predetermination cannot take laboratory fees into account, they will be reimbursed with the payment of claim.

The only circumstance in which benefits will be considered for an ineligible procedure is when your Dentist advises, in writing, that it is both less expensive and better for you than the eligible procedure which could be done.

**Coverage under more than one plan**

If your coverage terminates, you will still be covered for procedures to repair natural teeth damaged by an accidental blow if:

- the accident occurred while you were still covered, and
- the procedure is performed within 6 months after the date of the accident.

**Expenses Outside of Province/Canada**

Expenses for emergency dental care outside Canada will qualify as eligible expenses to the extent that they represent the usual, customary and reasonable charges for dental care in the locality where the dental care is performed, provided an expense for such dental care would qualify as an eligible expense, in the Province of Ontario.

For expenses incurred for dental care performed outside Canada on an other than emergency basis, the benefit provided under this contract will be the usual, customary and reasonable charges for dental care in the locality where the dental care is performed but not exceeding the level of eligible expenses for the Province of Ontario.

## Section 14- Short Term Disability Plan (STD)

### General description of the coverage

The Colleges have full legal, financial and administrative responsibility for this benefit. Questions or inquiries in regard to this benefit must be directed to your College Benefits Plan Administrator.

The Short Term Disability Plan (STD) is not an insurance plan. It is a benefit paid directly to you by the College. The full description of the STD plan is documented in the current Academic Collective Agreement.

### Cumulative Sick Leave Credits

A member of the Academic Bargaining Unit employed by the College on a full-time basis on or after April 1, 1991, will accumulate sick leave credits at the rate of 20 days per year of continuous service, or pro-ration thereof.

Unused sick leave credits will be accumulated. However, no gratuity entitlement will be attached to these credits.

A member of the Academic Bargaining Unit employed by the College on a full-time basis prior to April 1, 1991, will accumulate sick leave credits at the rate of 20 days per year of continuous services, or a pro-ration thereof.

Unused sick leave credits will be accumulated. After ten years of continuous full-time service at a single College, any unused sick leave credits are payable upon death, termination or retirement, provided you have not received a payment under the Sick Leave Buyout Plan. The formula for calculating payment is:

$$\frac{\text{credits}}{2} \times \frac{1}{261} \times \text{annual base salary}$$

The payout is subject to a maximum gratuity of 50% of annual base salary.

Some Colleges have different formulas, etc. It is recommended that you contact your College or Union Local President regarding the formula at your College.

## Section 15 - Long Term Disability (LTD)

### General description of the coverage

As a full-time Academic employee you have Long Term Disability coverage which provides a benefit to you if you become 'totally disabled' for an amount equal to 60% of your monthly base salary.

The Plan will pay this benefit to you if you have exhausted the elimination period specified under the Plan and you provide proof of claim acceptable to Sun Life that:

- you became totally disabled while covered, and
- you are under the regular care of a physician for the disability.

The benefit will continue to be paid as long as you continue to meet the relevant definition of total disability as defined in the group contract or the last day of the month in which you attain age 65.

### What is meant by Totally Disabled?

You are considered totally disabled if, because of bodily injury, sickness or disease:

- you can perform none of the duties relating to your regular work during the elimination period and subsequently for a period up to but not exceeding 24 months, and
- afterwards, you are wholly and continuously prevented, after 24 Monthly Indemnity payments, from engaging in any occupation or employment for wage or profit for which you are reasonably qualified by education, training or experience. Wage or profit may be defined as your ability to earn income commensurate to your Monthly Indemnity payment level at an alternate occupation.

You are encouraged to participate in Rehabilitation activities under an approved Rehabilitation program without jeopardizing your Long Term Disability benefits.

### LTD Benefits and Taxation

Since you pay the full premium for this coverage, the benefit is non-taxable on receipt.

***Amount of Insurance***

The amount of benefit payable to you is based on your monthly base salary on the day you first become disabled, and is non-taxable when you receive it. Your benefit cheque will be calculated as 60% of your monthly base salary less income you may receive:

- for the same or a subsequent disability under any government-sponsored plan, excluding Employment Insurance benefits or automatic cost-of-living increases under any government-sponsored plan that occur after benefits begin.
- any indemnity from any government operated or sponsored plan such as the Workplace Safety and Insurance Act, Canada Pension Plan and Québec Pension Plan.
- under any amount of income provided for you from any employer in respect of employment prior to the date of commencement of the elimination period.
- any amount of income provided under any retirement or pension plan of the College.
- under a motor vehicle insurance plan which provides disability benefits to the extent that the law does not prohibit such a deduction.
- under any Criminal Injuries Compensation Act or similar law, where allowed by law.

**Note:**

You have an obligation to apply for any of the above for which you may be eligible.

If you receive any of the income amounts above as a retroactive payment in a lump sum, you will have to repay Sun Life. The amount will be deducted from your monthly payment.

Income from personal disability or life policies will not be deducted from your LTD payments.

***Members of the  
Colleges of Applied  
Arts & Technology  
Pension Plan (CAAT)***

Members of the Colleges of Applied Arts and Technology Pension Plan should contact the CAAT Pension Plan directly as well as the College Benefits Administrator to discuss the impact on your College Pension.

***Teachers' Pension  
Plan Member (TPP)***

Members of the Teachers' Pension Plan should contact the Teachers' Pension Plan directly as well as the College Benefits Administrator to discuss the impact on your College Pension.

**Elimination period**

Your Long Term Disability payments begin after you have completed the elimination period. The elimination period is the period commencing when you became totally disabled and ending on the later of:

- the completion of 130 working days (including statutory and college holidays) of absence due to illness in the past 12 months, or
- the expiration of sick leave credits, if any, which you elect to use.

**Coverage ends**

Your coverage will end on the earliest of the following dates:

- the end of the month in which your employment terminates.
- the date you attain age 64 and 6 months.
- the end of the period for which the premium is paid for your insurance.
- the date your group contract is no longer in force.

***How will I receive my benefits?***

The Long Term Disability Plan pays in advance. This means that your first benefit payment is due the first day after completion of the elimination period indicated on the application form submitted by the College. Subsequent payments are made on the first day of each month that you continue to qualify for benefits under the terms of the group contract.

You will be given the option of receiving your benefit payments by either cheque or electronic funds transfer directly into your bank account.

To ensure the accuracy of your disability benefit payments, you must advise your College Benefits Administrator immediately if:

- your medical condition changes.
- you begin to receive any other income (i.e., Canada Pension Disability Benefits, or you return to work, either full time or part time).

Your College Benefits Administrator is responsible for informing Sun Life if you return to work.

- Proof of disability** Once the claim is approved, proof of your continuing disability will be required from time to time depending on the medical evidence previously supplied by your doctor. Sun Life will send the appropriate documents when this information is required. The information requested will be used to determine your eligibility for the continuance of benefits and should be obtained and returned to Sun Life promptly (usually within 90 days) in order to avoid unnecessary interruptions or delays in your benefit payments.
- In the event you no longer qualify as totally disabled Sun Life will notify the College Benefits Administrator who is responsible for notifying you.
- Medical examination** At the time your application is made for Long Term Disability benefits, medical information must be included. In the event that Sun Life is unable to render a decision on the claim based on the medical information provided, Sun Life may arrange for you to have an Independent Medical Examination (IME), at their expense.
- Your co-operation in complying with Sun Life's request for an IME is very important because without the appropriate medical information Sun Life cannot approve the claim and benefits cannot be paid.
- An IME may also be required as proof of continuing disability.
- Return to Work** When you recover and are able to return to full-time employment, Long Term Disability will cease on the date you return to work. The College has an obligation under the Human Rights Code to provide 'reasonable accommodation' for disabled employees. This may involve modifications to the job or your workplace.
- If there is potential for rehabilitation, you will be contacted by either your College Benefits Administrator or a Sun Life counsellor. However, you can also initiate this activity by contacting the College Benefits Administrator, and/or the Sun Life counsellor looking after your case.
- Rehabilitation Program** In the event you are unable to return to full-time employment, you are encouraged to participate in a gradual return-to-work program that could involve a period of part-time work leading up to a return to full-time work. During this period, you may qualify for rehabilitation income under the Long Term Disability Plan provided the program has been approved in writing by Sun Life.

Where there is the possibility of rehabilitation in order to return to work, you, your physician, the College, or Sun Life may initiate the process.

Successful rehabilitation is a team effort and includes participation from Sun Life, the College, your Union Local Representative, your attending doctor and you.

***Payment during Rehabilitation***

You are entitled to keep 50% of your rehabilitative earnings while participating in a rehabilitation plan approved by Sun Life.

If, during any month your total income is more than 100% of your pre-disability base salary (less provincial and federal income taxes if your benefit is non-taxable), your Long Term Disability payments will be reduced by the excess.

***Recurrence of disability***

If you have been receiving Long Term Disability payments and recover, but the same (or related) total disability recurs, you need not complete another elimination period unless you have been back at work on a full-time basis for at least 12 months.

If you have a chronic disease or illness and suffer a relapse after the end of the period referred to above, Sun Life may, at its sole discretion, accept a subsequent claim as a continuation of the previous one at the same level of benefits and without applying a new elimination period. Any such acceptance will be based on a consideration by Sun Life of the circumstances involved and will only be done if the group contract is in force at the time a request for such consideration is made.

The benefits you receive will be based on the same benefit level as on the original date of total disability.

***How will my Extended Health Care and Dental Care benefits be affected?***

Your Extended Health Care (including Vision and Hearing Care) and Dental Care remain in force during the time you receive Long Term Disability benefits provided that you were subscribing to such benefits on the date your Long Term Disability payments commenced. Your Extended Health Care, Vision, Hearing and Dental Care may be continued provided you make the appropriate arrangements through your College Benefits Administrator and paying 100% of the cost.

***How will my Life Insurance be affected?***

Your Life Insurance will be continued for you and your dependents without the payment of premiums as long as you are in receipt of Long Term Disability benefits.

***Waiver of LTD  
Premiums***

No contributions for Long Term Disability will be required during any period you are receiving monthly benefits.

***Your  
responsibilities***

During your total disability, you are expected to make reasonable efforts to:

- keep the College and Sun Life informed about the status of your disability on a regular basis.
- recover from your disability, including participating in any reasonable treatment or rehabilitation program and accepting any reasonable offer of modified duties from your College.
- return to work in your own occupation during the first 24 months that benefits are payable.
- obtain training in order to qualify for another occupation if it becomes apparent that you will not be able to return to your own occupation within the first 24 months that benefits are payable.
- try to obtain work in another occupation after the first 24 months that benefits are payable.
- obtain benefits that may be available from other sources.

***When LTD benefits  
are not payable  
Exclusions***

In accordance with the group contract, Sun Life will not pay Long Term Disability benefits for any disability which results from:

- participation in a riot, rebellion or insurrection.
- war, declared or undeclared, or active duty in any armed service during a time of war.
- intentionally self-inflicted injuries, while sane or insane, by firearm or otherwise.
- commission or attempted commission of a criminal offence by you.

***Non-Payment of  
Long Term Disability  
Limitations***

No payments will be made during the period:

- you are not under the regular care of a doctor and receiving appropriate treatment.
- you engage in any employment or occupation for wage or profit (other than in a Rehabilitation Program) except as approved by Sun Life.
- you choose not to participate in a rehabilitation program approved by your Attending Physician, the College and Sun Life.
- you are on a leave of absence except as stated under the Maternity/Parental leave of absence or except where specifically agreed to by Sun Life.
- you are absent from Canada longer than 4 months due to any reason, unless Sun Life agrees in writing in advance to pay benefits during the period.
- you are serving a prison sentence or are confined in a similar institution.

**When LTD payments end**

Your Long Term Disability payments end on the earliest of the following dates:

- the date you no longer meet the definition of Totally Disabled.
- the last day of the month in which you reach age 65.
- the last day of the month in which you die.

## **Section 18 - Submission of Claims**

### **Making Claims**

Sun Life is dedicated to processing your claims promptly and efficiently. You should contact your employer to get the proper form to make a claim.

There are time limits for making claims. These limits are discussed in the appropriate sections of this employee benefits booklet. If you fail to abide by these time limits, you may not be entitled to some or all benefit payments.

All claims must be made in writing on forms approved by Sun Life.

For the assessment of a claim, Sun Life may require medical records or reports, proof of payment, itemized bills, or other information Sun Life considers necessary. Proof of claim is at your expense.

### **Legal actions**

Except where or when applicable legislation permits the use of a different limitation period, every action or proceeding against an insurer for the recovery of insurance money payable under this contract is absolutely barred unless commenced within the time set out in the Insurance Act or the time set out in such other legislation as may apply to a claim, action or proceeding for insurance money.

Where or when applicable legislation permits the use of a different limitation period, no legal action or proceeding may be brought against Sun Life:

- regarding any claims for which no payment has been made by Sun Life, more than one year after the end of the time period in which the initial submission of proof of claim is required by the terms of the contract, or

- regarding claims for disability benefits that have been paid by Sun Life for some period of time, more than one year after the last date for which disability benefits have been paid, or
- regarding all other claims for which some payment has been made by Sun Life, more than one year after the last payment made by Sun Life with respect to the claim, or
- regarding claims for *Coverage during total disability* which are initially approved, more than one year after the date you cease to be covered or your premiums cease to be waived.

## **Making an Extended Health Care Claim**

### **Drug Card Plan**

The drug card is used for prescription drugs only. The card is accepted at most drug stores across Canada. The drug card cannot be used outside Canada. Other claims, such as physiotherapy or medical supplies, are not covered under the drug card plan and receipts must be submitted to Sun Life using the Extended Health Care claim form to obtain reimbursement. The drug card cannot be used outside of Canada. These claims must be submitted to Sun Life using the Extended Health Care claim form.

### ***What happens if I do not use the drug card to purchase my drugs***

If you do not use the card for all your drug purchases, your reimbursement could be affected due to pharmacy mark-ups on the cost of the drugs. This means that you may have to pay more out-of-pocket

### **Time limits for filing a claim**

Claims must be received by Sun Life no later than the earliest of:

- 548 days following the date on which the expense was incurred,
- 90 days following the end of your Extended Health Care coverage, or
- 90 days following the termination of the Extended Health Care provision.

### **Co-ordination of benefits (Coverage under more than one plan)**

If you are covered for Extended Health Care under this plan and you and/or your spouse are covered under another plan, your benefits will be co-ordinated with the other plan following insurance industry standards.

These standards determine where you should send a claim first. Here are some guidelines:

- if you are claiming expenses for your spouse who is covered for those expenses under another plan, you must send the claim to

your spouse's plan first.

- if you are claiming expenses for your children and both you and your spouse have coverage under different plans, you must claim under the plan of the parent with the earlier birthday (month and day) in the calendar year. - the maximum amount that you can receive from all plans for eligible expenses is 100% of actual expenses.
- If your spouse is over age 65 and eligible for coverage under the Ontario Drug Benefit Program (ODB), there are specific rules to follow. Contact your College Benefits Administrator for further details.

## **Making a Claim for Long Term Disability Benefits**

***When and how to make a claim***

You are responsible for notifying your College that you are disabled and obtaining the following forms from your College Benefits Administrator:

***Your responsibilities***

- (a) Employee's Statement.
- (b) Authorization to Communicate form.
- (c) Canada Pension Plan (CPP) Assignment Form.
- (d) Application for Canada Pension Plan (CPP) Disability benefits.

(e) Attending Doctor's Statement of Disability.

Your claim for Long Term Disability should be submitted as soon as possible, usually two months prior to completion of the elimination period.

You complete forms a, b and c and forward them to Sun Life.

You must sign the Attending Physician Statement of Disability (form e) and give it to your doctor. You must also contact the Income Security Program office, Human Resources Development Canada, to make an application for Canada Pension Plan disability benefits (form d).

You are responsible for payment of any charges for having medical forms completed. These forms include those described above, supplementary medical statements and any other forms that may have to be completed by your doctor.

***Your doctor's responsibility***

Once your doctor has completed the Attending Physician's Statement, you or your doctor may send it directly to Sun Life or, if you prefer, you may return it to your College Benefits Administrator to send to Sun Life.

***Your employer's responsibility***

The College must complete the Employer's Statement and forward it to Sun Life.

***Time lines for making a claim***

A claim should be made no later than 90 days after you complete your elimination period. Ceasing to be actively at work with the College does not, by itself, mean that you are totally disabled.

Failure to furnish such proof within the time required may not invalidate nor reduce any claim if Sun Life determines that such proof was furnished as soon as was reasonably possible. Except in the absence of legal capacity, however, such proof must be furnished no later than one year from the time proof is otherwise required.

***Claim is received by Sun Life***

Sun Life will begin processing your claim once all the completed claim forms have been received.

Your claim cannot be processed until Sun Life has received the Employee's Statement (including the Authorization to Communicate form), Employer's Statement and the Attending Physician's Statement.

***Incomplete or additional information***

If additional information is needed to make a decision on your claim, Sun Life will notify the College by letter as soon as possible. Your

---

College Benefits Administrator will, in turn, notify you that further information is needed. Any expenses associated with acquiring the additional information will be your responsibility with the exception of an Independent Medical Examination (IME) ordered by Sun Life.

*Claim is reviewed by Sun Life*

Sun Life claims personnel and practising doctors review your claim to determine if you qualify for disability benefits, in accordance with the terms of your contract. The nature of the claim will determine whether a specialist(s) report(s) is required.

*How will I be notified if my claim has been processed?*

Sun Life will send the College a letter confirming the amount of your disability benefits, the date they will commence and the duration for which benefits are approved (if known). Your College Benefits Administrator will forward this information along to you.

Assuming all the forms have been completed fully and no follow-up is required by Sun Life, it takes approximately 4-6 weeks for a Long Term Disability claim to be processed. If there are any complications with the forms, additional time would be added to the process resulting in a period of time when you could be without remuneration.

Every attempt is made to ensure a delay does not happen. Continuous contact between you and your College Benefits Administrator will help to minimise this situation. In this event, you may apply for Employment Insurance Sick benefits.

*What can I do if my claim is declined?*

Sun Life will advise the College Benefits Administrator that your claim has been denied and Sun Life will provide an outline of the procedures and the type of medical information required for reconsideration of your claim.

You may respond to this decision by:

- appealing this decision through the Sun Life appeal process
  - pursuing your appeal with your College Benefits administrator
  - contacting your local union office
  - contacting a member of the Joint Insurance Committee (JIC)
- Information about the JIC is contained in the Academic Collective Agreement.

Your claim will be reconsidered provided you submit new medical information as requested for review. In order to effectively re-evaluate your claim, all outstanding information requested in the decline letter should be provided.

**Discrepancies in benefit payment amounts**

It is recommended that you check your benefit payment amount each month to ensure it is correct. In the event you discover there is a discrepancy, it is important for you to contact your Benefits Administrator at the College so that the appropriate adjustment can be made. If you have been overpaid, a re-payment arrangement can be worked out for you; if you have been underpaid Sun Life will be required to make the correction and issue payment.

In the event of your death the following must occur as soon as possible after your death:

- A claim form must be completed by the College.

If you reside outside Québec and are designating a minor as your beneficiary, you may wish to designate someone to receive the death benefits during the time your beneficiary is a minor. If you reside outside Québec and have not designated a trustee, current legislation may require Sun Life to pay the death benefit to the court or to a guardian or public trustee. If you reside in Québec, the death benefit will be paid to the parent(s)/legal guardian of the minor on the minor's behalf. Alternatively, you may wish to designate the estate as beneficiary and provide a trustee with directions in your will. You are encouraged to consult a legal advisor.
