## A FORUM ON JOBS INEQUALITY AND THE FUTURE OF ONTARIO

**Inequality is on the rise in Ontario.** Wages are falling; profits are soaring. The poor are getting poorer, the middle class is shrinking and the top one per cent is getting a lot richer. Public services we depend on are being slashed to pay for corporate tax cuts.

**Why is this happening? And what do we do about it?** To find out more, join union and community members for a Live Town Hall Forum featuring panelists **Larry Brown**, National Secretary-Treasurer of the National Union of Public and General Employees (NUPGE), and **Marion Overholt**, Executive Director for Legal Assistance of Windsor.

Also attending the event will be Canadian Media Guild (CWA Canada) President **Carmel Smyth**, ETFO President **Sam Hammond**, ONA Vice-President (Region 5) **Karen Bertrand (RN)**, OPFFA President **Mark McKinnon**, OPSEU Region 1 RVP **Ron Elliot** and SEP President **Scott Travers**.
