

Hospital Professionals At The Table

During our final week of bargaining (May 24 to 28) the focus will be to resolve the outstanding issues and move towards a negotiated settlement. While negotiations have been cordial, it would be presumptive of us to believe an agreement is at hand. Much work remains to be done and your team remains committed to a fair

settlement. Should we be unable to achieve an agreement, arbitration is scheduled for July 13 and 14.

Your bargaining team would like to thank you for your support.
