Paramedics
make the difference

IN 2016, 9300 CANADIANS DIED OF COLON/RECTAL CANCER.

- Colon/rectal cancer is the second-leading cause of death in men and the third leading cause of death in women who have cancer.
- There is a 90 per cent cure rate if detected early.
- Approximately 100,000 Canadians are living with colon/rectal cancer.

What to do:

- Screening is FREE for all Ontarians over 50.
- Speak with your doctor if there are any changes in your bathroom habits.
- Don't die because you're embarrassed.

In the event of an emergency call 911
