

Get it in writing

On December 12th and 13th, you will have the opportunity to vote for your union of choice.

Don't get caught up in the rumours!

Don't believe everything you hear. OPSEU is always willing to back up everything we say **in writing** so you can check for yourself.

OPSEU has low dues and the formula is simple: 1.375 per cent of your gross wages. There are no local levies or hidden costs. Your union dues are pooled centrally and all "big ticket" items such as contract negotiations, grievances, member education and conferences are paid for centrally. A significant amount of those dues is returned back to the local to be used only for local items. With OPSEU, cost is never an issue when it comes to negotiating and defending your contract.

Experience matters

Remember, **NO UNION** can guarantee what will be achieved in bargaining with your employer. If they do, **they are misleading you**. OPSEU would never make that guarantee, but we have the most experience in bargaining new collective agreements after mergers, and have a solid track record of results.

Drop by our information tables and attend our information sessions.

If you, your department, or a group would like to meet with us at another time that is more convenient to you, please contact us and we will set up a time to meet.

Beware of the rumours. Talk to OPSEU. We will give you the facts, and back it up in writing.

For more information contact OPSEU's organizing representatives:
