

Cuts hurt kids.

cut

~~The CAS Family Support Program~~

This program, now eliminated due to Ford government cuts, helped to keep kids where they belong: in a loving, functional family. Cutting this program means more kids in care - hurting them, their families and our entire community.

cut

~~Frontline workers~~

More layoffs and unfilled vacancies are on the horizon. That means fewer frontline workers and higher caseloads, leading to less support and care for vulnerable children.

Tell Hon. Todd Smith and the Ford government we **CAN** afford to care for **ALL** children in Ontario!
