

**ACT NOW!
ACT NOW!
ACT NOW!**

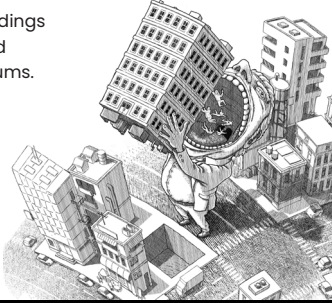

Join us on International Tenants Day to rally at Toronto's City Hall and demand that the Provincial and Municipal governments STOP the mass demolition of affordable housing!

150 purpose-built affordable rental buildings in Toronto are set to be demolished and redeveloped to build luxury condominiums.

Join us in standing up against this predatory practice that is:

- decimating the stock of affordable housing
- displacing vulnerable tenants,
- pricing us out of our own city
- contributing to the rise in homelessness
